

PRICE LIST

Our products are custom made and hand assembled in Australia for each and every client, so there is no limit to what we can create for you.

When budgeting, please remember - an audio product such as a Talking Poster or Talking Album has a far greater reach than a printed poster.

Whilst the print run for posters could be in the 1000s, one Talking Poster or Talking Album can service a whole community.

TALKING POSTERS	PRICE PER POSTER
A0 Talking poster - includes printing and 1 x embedded audio unit	\$720.00
A1 Talking poster - includes printing and 1 x embedded audio unit	\$400.00
